Advanced Skincare Prospectus.
About Advanced Beauty Treatments & The Business Prospects:

There has never been a better time to join this exciting and lucrative industry, with the demand for advanced aesthetic treatments being at an all time high. An ever-increasing number of both male and female clients are opting for more advanced beauty treatments that offer instant, safe and effective results.

Why become aesthetic practitioner?
A fast growing part of the beauty sector, which has introduced treatments that only the rich and famous would have the luxury of, these treatments are now affordable and readily available for clients from all walks of life. These treatments offer safe and effective alternatives to more invasive cosmetic procedures, that are often very costly and irreversible.

Being an aesthetic practitioner allows you to work flexibly, whilst earning a comfortable living and most importantly providing a service that gives amazing results, that will see clients returning for more.

Treatments average treatment cost start at £60 - £500, depending on the treatment, with low start up costs and high margins, you will receive a quick return on investment.

Is this the right option for you?
This skilled profession requires empathy and excellent communication skills to help your clients with issues that are often very emotionally charged, in many cases the results can be perceived as life changing to the individual.
Importance of training:
Your reputation as a skilled practitioner rests entirely on your results. Reputation is everything in this business, and a great reputation starts with quality training and products, that are delivered to you by experienced and qualified tutors that only demand the highest standards in all of their work.

What our training offers you:
We offer you expert training that is carried out by industry professionals with a wealth of experience. All of our trainers are still active in the industry, thus ensuring that the training is up to date with the latest requests and demands of the industry.

We are natural entrepreneurs and will instil this ethos into all of our students and our training and business advice will allow you to demand the very best.

Each Course will be provided with:
• Intensive training manuals to take away.
• Supportive advice and guidance and constructive feedback, with a full practical assessment.
• Essential information on business support and marketing aspects of expanding your business.
• Ongoing Support and Guidance
• Supplier Contact Details and Advice on Products, Brands and Equipment
• Equipment Lists
• Certificate of attendance, viable for correct insurances.
• Practical experience on live models.
• Full usage of equipment and tools to develop techniques for high quality treatments.
FAQ’S:
Do I need any qualifications to enrol?
To enrol onto the advanced skincare courses you will need to have any of the following qualifications:

Level 2-3 Beauty Therapy
Level 3 Anatomy and Physiology
Any medical qualification, nurse, doctor etc
Permanent makeup.

If none of your qualifications aren’t listed then please do contact our recommended insurance provider to see if they will accept your qualification: www.insyncinsurance.co.uk

Is there a kit included in the price?
Some of our courses include a starter kit. We are not able to supply kits with all of our courses due to the qualification being universal, however we do have a supplier who can provide you with everything you need to get started. All information on kits and where to buy them from will be provided during your training course.

Will I require a model?
No models will be required. Students will practice on each other, unless you have a condition that contraindicates you. We feel that it is good to experience the treatment yourself before doing so on clients, this way you can provide clients with an accurate breakdown of what to expect.

Will I receive a certificate and if so when?
All students will receive a certificate upon successful completion of the course. This is presented to you on the day of course completion.

Are the courses accredited and will I be able to get insurance?
Most of our courses are covered by ABT and viable for insurance cover upon completion. We will advise a suitable insurer depending on your pre-existing qualifications.
Do I need to pay a deposit to secure my space?
A small deposit will be payable at the time of booking to secure your space on the course, with the final balance due 7 days prior to the course start date. Upon booking a course you shall receive a “course booking form” which will detail all you need to know.

Where are you based?
We are based in Anstey, Leicestershire, East midlands. We are close to the M1 and main travel routes. We also have free parking on site.

What time do the courses start?
Most courses start at 10am and finish at 3pm, unless otherwise specified.

- Duration: 1 Day
- Pre-requisite: facial qualification, Level 2 in beauty therapy, semi-permanent makeup artist, nurse, dentist, doctor, pharmacist. If you qualification isn’t listed please contact us for further information.

About:
Mesotherapy is a technique performed by injecting potent vitamins and pharmaceutical products into the skin, improving the skin’s hydration. Thus improving the stimulation of collagen and elastin, which will help to encourage a brighter, smoother and younger-looking skin.
Mesotherapy can be performed with a needle and syringe (nappage or intra epidermal) or using the lower needle settings on the Dermafix.

Mesotherapy is affective at treating:
- Fine lines & wrinkles / ageing
- Hydration
- Even and brighten skin tone
- Giving skin a youthful glow and plumpness.
- Can be used in replacement of BOTOX.

Course content:
- Revision of Skin A&P
- Skin Health and science behind skin peeling
- Treatable skin conditions
- Products and ingredients used during treatment.
- Contraindications
- Aftercare
- Tutor demonstration
- Hands-on practice - students have the opportunity to practice skills on each other.

10 x 10 disposable blades

• Duration: 1 Day
• Pre - requisite: facial qualification, Level 2/3 in beauty therapy, semi-permanent makeup artist, nurse, dentist, doctor, pharmacist.

About:
Dermaplaning is a method of exfoliation that consists of using a surgical scalpel to gently scrape off the top layer of dull dead skin cells in order to reveal a smoother, brighter complexion. Dermaplaning is a firm favourite of many celebrities, as it not only gives the most gorgeous glow but it also eliminates that annoying peach fuzz that cakes up in makeup and can be enhanced by harsh production lighting and high-definition cameras. Dermaplaning is the perfect addition to any beauty clinic, with the addition of short treatment times and low treatment cost and high profit margins.

Dermaplaning is effective at treating:
• Boost dull tired skin
• Closes pores
• Ageing Skin, reduction of fine lines and wrinkles
• Reduces the appearance of age spots and pigmentation
• Removes “peach fuzz”
• Aids smoother makeup application
• Gives a healthy youthful glow.

Course content:
• Revision of Skin A&P
• Skin Health and science
• Treatable skin conditions
• Products used during treatment.
• Contraindications, aftercare
• Tutor demonstration
• Hands-on practice - students have the opportunity to practice skills on each other.
• Treatments that can work alongside Dermaplane
• Health & Safety
LED Light Therapy
About:
A specialist LED Light pod is positioned over the client, successfully treating a variety of skin conditions such as redness, skin sensitivity, acne, cold sores. The treatment is excellent as a stand-alone treatment or can be used in conjunction with other treatments such as micro-dermabrasion, chemical peels, needling, lasers to enhance their effectiveness and also aid better product absorption into the skin.

The LED facial will help to:
- Reduce redness
- Aid better product absorption into the skin
- Help with the skin’s healing to more invasive treatment
- Calm and relaxing
- Helps to treat acne
- Helps to promote a healthy glow to the skin
- Excellent as secondary treatment.

The LED Light Therapy module will provide students with the following:
- Intensive training manuals to take away.
- Supportive advice and guidance and constructive feedback, with a full practical assessment.
- Essential information on business support and marketing aspects of expanding your business.
- Certificate of attendance, viable for correct insurances.
- Practical experience on live models and practice skins.
- Full usage of equipment and tools to develop techniques for high quality treatments.

Course Details:
- Cost - £250
- Price with kit: £1800 - 0% finance available on kits.
- Duration: 1 Day -
- Pre-requisite: Level 3 in beauty therapy, semi-permanent makeup artist, nurse, dentist, doctor, pharmacist
Booking: To book onto a course contact our team via email: hello@facetraininguk.com

Payment; Pay a small deposit to secure your place on the course and then full payment 1 week before the course start date. Deposits are non-refundable but are transferable, should you be unable to attend.

Models: We will ask all students that they provide their own models but if this becomes an issue then we are more than happy to help.

What do I need to bring? Just yourself, a pen and notepad and lunch. We also ask students dress in professional therapy uniform if they have it or black if not.
